

The Civic Center is currently under construction which will impact entrance to the building. The skywalk will be open and is the best option to access the Peoria Civic Center. We will be sending correspondence closer to the event.

Hotel Recommendation: Exhibitors who are only attending the Tradeshow and/or events at the Civic Center (not anything at the Pere Marquette) we have added a hotel option for you at the Staybridge Suites, reflected in the map above. Due to the construction, this will be a closer walk for you to the loading dock at the Civic Center and/or other main entry points to the PCC if you choose not to use the loading dock. However, it is further from the Pere Marquette, so we only recommend this if you are not attending any of the events at the hotel.

Exhibitors Loading/Unloading:

- **For 2026 all exhibitors are encouraged to enter through the loading dock for ease of entering and getting supplies into the building.**
- The loading dock off of N. William Kumpf Blvd. **You cannot park here** it is a load/unload zone only. ****If you have large items and need to use the loading dock, you must be unloaded prior to 10 am. The food trucks will be moving in at 9, and it will be unavailable for exhibitors.**
- If you have small items and carry in through one of the other doors, they will be subject to search.

Parking

- Staybridge suites has free parking for guests and is a short walk over to the Civic Center. It can also accommodate large vehicles and/or trailers.
- Marquee Parking lot is closest to the main entrance for the event.
- Fulton Parking lot is other option, between Monro & Fulton streets.
- For guests staying at Pere/Courtyard, use the parking deck attached.

Clear Bag Policy: The Civic Center has implemented a clear bag policy. All attendees and exhibitors will be subject to search. See the [FAQ section](#) of the website for full details.
